

Professor Noah Lot wants you to join him, March 27, at...

Big Science

2010

To be a part of **BIG SCIENCE** is this easy:

1. Ask a question that interests you.
2. Get together with your mom, dad, sister, brother, friends and classmates and do some research on your topic of interest.
3. Think about an experiment to test what you learned.
4. **Fill out the BIG SCIENCE 2010 Participation form** and **return** it to the box in the RES Front Office by:
TUESDAY, March 23rd
5. Conduct your experiment.
6. Come share your results with us at **BIG SCIENCE 2010 on MARCH 27th**

Big Science Mission Statement:

The Mission of the **RES Big Science Fair** is to allow every student to **EXPLORE** a scientific question; **EXCEL** in the scientific process; **EXPERIMENT** on their own; and **ENJOY** science!

You will see displays around the school where you will find project ideas and other information to help you develop your project.

Any questions or concerns contact Susan Hackel at 938-3503 (sathackel@yahoo.com) or Jeanette Thompson at 664-1227 (jeanettee@optonline.net)
